Team Mission

The Team will recommend a Plan of Action to the Board of Commissioners for Canada Road.

Team Goals

- The Team will achieve consensus through Context Sensitive Solutions by implementing a continuous and responsive public involvement program that builds public trust.
- The Team will strive to create an atmosphere of good communication and cooperation, and develop positive working relationships within the Team, government and community.
- The Team will project an image of cooperation and forward-thinking to the community and the region.
- The Team will have fun.

Team Project Goals

- Produce an excellent design that enhances and embraces quality of life in our community.
- Help to reduce traffic congestion and increase capacity by creating a road that serves as a north-south corridor.
- Improve safety for the traveling public.
- Produce a design concept that is recognized for technical excellence and environmental sensitivity.
- Create an aesthetically pleasing gateway to Lakeland from I-40.
- Create opportunities for vehicular and non-vehicular crossing of the road.
- Provide access to existing neighborhoods.
- Produce a design that minimizes delays during construction.
- Preserve existing natural environment and surroundings; minimize or mitigate environmental concerns.
- Create a design that is economically feasible.
- Create a design that is compatible with local and regional plans and programs.

This is the first in a series of public workshops focused on identifying issues and concerns you have regarding Canada Road. Your comments will be used by the Canada Road Advisory Team in developing alternative alignments.
